

FREE Pool Schools 2019

Let us help you make pool care safe, easy, and fun. All classes are free, but seats are limited, so please call or come in to register in advance. All classes are in the store.

Introduction to Pool Maintenance

Pool School 101

Our beginner's class on general pool care. Learn about filtration, circulation, vacuuming, cleaning, maintenance, filter cleaning, safety, and water conservation. If you are new to pool care, this is probably the best class for you.

Wednesdays ~ 7:00 PM to 8:30 PM

May 1, June 5

Introduction to Pool Chemistry

Pool School 102

Our beginner's class on pool water chemistry. We'll cover our job (water balance) and your job (sanitizers and pH). What to learn from your water tests and how to make it all easier. We will cover Baquacil, chlorine, bromine, Relax, salt-to-chlorine generation, and more.

Wednesdays ~ 7:00 PM to 8:30 PM

May 8, June 19

Pool Care Lite

Pool School 103

Selected highlights from the *Introduction to Pool Maintenance* class and the *Introduction to Pool Chemistry* class. Plus, additional information on **small splashers and blow-up pools**. We'll skip the details and if we talk really fast, we'll still be done on time!

Wednesday ~ 7:00 PM to 8:30 PM

July 10

Easy Pool Opening

Pool School 202

Tricks and tips to get your pool opened and operating quickly, safely, and easily. Learn about proper timing, easy cover removal, filter assembly, cover cleaning, opening chemicals, cover storage, ladder assembly, and initial balancing.

Wednesdays ~ 7:00 PM to 8:30 PM

April 24, May 22

Above Ground Pool Closing

Pool School 303

Protect your above ground pool and equipment with the best techniques for closing it for the winter. Make your spring opening easier by doing things correctly right now. Learn about clean up, chemical preparation, covering the pool, pillows, other supplies, and preventing winter damage.

Wednesdays ~ 7:00 PM to 8:30 PM

August 21, September 18

Inground Pool Closing

Pool School 304

Protect your inground pool and equipment with the best techniques for closing it for the winter. Make your spring opening easier by doing things correctly right now. Learn about clean up, chemical preparation, covering the pool, tubes, other supplies, and preventing winter damage. This class also covers blowing out and protecting underground lines, plus heaters, automatic chlorinators, slides and diving boards.

Wednesdays ~ 7:00 PM to 8:30 PM

August 28, September 25

Seating is limited, so please pre-register.

Come to Pool School and learn from the experts. **It's Free**

- Are you a new pool owner?
- Are you a veteran pool owner looking for the best, easiest ways to care for your pool?
- Would you like to do your own pool service – or perhaps develop a better appreciation of how much your pool service company actually does for you?
- Would you like to learn more about pool care in a quiet, calm classroom; in an organized, logical presentation?

What's the Catch?

- We're not trying to sell you anything now.
- We won't try to sell you anything that night.
- In fact, the store will be closed and the cash registers will be shut down before we finish the class.
- We just want to help more people turn their pools from work into fun.
- And one pool expert teaching 50 pool owners on a Wednesday night sure beats 5 pool experts teaching 10 pool owners each on Saturday afternoon. It's just more efficient for you and for us.
